

A workshop scene featuring a power drill with a silver handle and a blue drill bit, resting on a wooden workbench. A red and black spirit level is positioned above the drill. In the foreground, a set of blueprints is spread out, showing architectural drawings with lines and text. The background is slightly blurred, showing more of the workshop environment.

VISUAL MANAGEMENT WORKSHOP

—

THE FIRST STEP IN OPTIMISING
YOUR WORK IS VISUALISING IT

Our Visual Management Workshop will give you the tools and knowledge to use this critical element of Kanban in a real-world setting. Learn about Kanban and the power of visualisation and walk away with a board and the ability to use it immediately.

VALUE INSIDE A DAY

WORKSHOP

A six-hour workshop people will cover:

- What is Kanban?
- How does being Agile fit in?
- How does Kanban work?
- Six principles to help implement Kanban

OUTCOMES

At the end of this workshop, attendees will understand:

- The history of Kanban
- The six principles of Kanban
- How Kanban can be used in Agile or traditional environments
- Identify the different metrics which can be used to predict and improve

Come as a team and you will go away with a Kanban board you can use the following day.
